DIDAKTIK DER INFORMATIK (DDI)

THE INTERNATIONAL MASTER MENTORING-PROGRAM

Dietrich Gerstenberger
Computer Science Learning Center
Mentors for our new international Master students

All freshman students have the opportunity to meet once a week in groups with an experienced mentor.
Computer Science Learning Center
Mentors for our new international Master students

Your meeting is a combination of Sprint Review, Sprint Retrospective and Sprint Planning:
The weekly meeting

(1) Sprint Review

Scrum: „the team shows what it has achieved within the sprint“

- how did the last week go?
- could all exercises be done?
- have consultation hours been used to clarify problems?
- have the discussed ToDo‘s been implemented?
The weekly meeting

(2) Sprint Retrospective

Scrum: „what went good or bad?
what could you do to make the next sprint more productive?“

• what went well?
• what went bad?
• on the latter point: the question of ‚why‘?
• how can this be improved?
  - note down concrete ToDo's and ask for them again in the review next week.
The weekly meeting

(3) Sprint Planning

Scrum: „Together, both sides determine which part of the product backlog the team can complete in the upcoming sprint.“

- discuss routine tasks
- ToDo's from the retrospective are also part of the weekly planning
- there are special events in the following week
  - registrations / cancellations
  - special performances in the attendance exercises (pre-calculation, . . . )
  - consultation hours
  - workshops
